

SAP Certification- Crystal Reports

Blueprint offers a unique service to provide guidance on SAP Crystal Reports certifications.

The first step in becoming fully certified is to attend our three Crystal Reports courses:

- Crystal Reports I: Fundamentals of Report Design
- Crystal Reports II: Business Reporting Solutions
- Crystal Reports III: Report Processing Strategies

Then, with effective skills transfer, practical workshops and inspiring trainers, we'll ensure that you have all the skills you need to complete your certification exams.

Why Get Certified?

The business intelligence (BI) industry is rapidly changing. In a competitive marketplace, you need to differentiate yourself. Stay on top of your skills by becoming an SAP BusinessObjects Certified Professional (BOCP). Whether you are an individual and want to upgrade your skills or an IT manager seeking to certify your staff or hire qualified talent, these certification programs will enhance your skill proficiency and knowledge.

Examination Overview

This exam will measure your knowledge of Crystal Reports starting at creating a report with basic formulas through to managing and creating specialised reports. Before taking the examination, candidates should become familiar with the Crystal Reports 2008 product, the User Guide and the competencies found in:

- Crystal Reports Design I- Fundamentals of Report Design
- Crystal Reports Design II- Business Reporting Solutions

Number of exams: 1

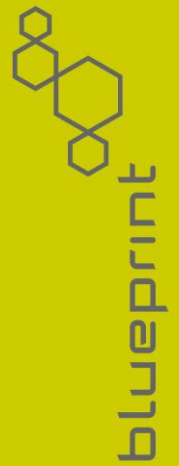

Number of questions: 80

Exam duration: 3 hours

Location: to view a full list of examination centres [click here](#)
